technology

Poojawestern Metaliks Ltd. Is a Merger of 3 Companies Pooja metal industries (In business to Import, Manufacture and exports Plumbing, sanitary, Brass Pipe Fittings For exports only, is a 100% Export Oriented Unit Honoured by Government of India) Pooja precision products (In business to manufacture Plumbing, Sanitary Brass Pipe Fittings distribute to Indian producer of Brass Pipe Fittings and Plumbing, sanitary and faucets producer in Indian market) and western recycling company (non ferrous metal scrap import and local distributor to Local Foundries and Factories producing Brass bars and machined parts company).

Originated in Jamnagar, India in the year 1991, Pooja Western Metaliks Ltd is one of the kingpins in manufacturing, importing and exporting of Non- Ferrous Metal Scrap, Brass Plumbing Fittings, Brass Ingots and Brass Sanitary fittings. With a strong business immune, we have a fine fusion of up-graded technology and a well built team of experts that can give a dynamic solution to your new innovative ideas. Our constant focus to proffer best quality products at a reasonable cost has made us to specialize in manufacturing premier quality sanitary fittings, plumbing, Brass Pipe Fittings. 'Customer is a crowned head of our business' is our success mantra that has helped us to expand our reach and build a good rapport with our customers from varied industries across the globe. We have a strong customer base from India to Gulf, Middle East and now have increased our reach to Europe and America.

What we do

Undertaking several business expansion programs, we have established a state-of-the-art foundry that has a daily capacity to produce 5000kgs of brass solids and hollow bars. Formulating the concept of 'everything in one roof', we have developed in house forging and machine turning facilities. Cultivating a sound vendor management and supply chain operations in the international market have been a baseline for our good business relationship with the suppliers and scrap processors.

One of the key success factors of our business in creating a flair of fortunes is our focus on stringent quality standards in procurement of resources, manufacturing, packaging and order delivery operations. This has been possible due to our constant testing and inspection operations in each and every phase of the production process that has built a strong podium to stack up against the business competitors. Providing best quality products with cost effective solutions is our prime Funda in taking a step ahead in earning a high level of customer satisfaction.

- **Q-Quality Standard** All product are developed and made to stringent quality standards.
- **C-Cost** We maintain our cost to assure affordability.
- **D-Delivery** schedule We recognize the critical value of time and provide on-time deliveries of our products.

Products & Brands

Products	Brands
Brass & Copper Alloys	P-Alloy
Brass Compression Fittings	P-Max
Brass Hardware	P-Starke
Brass Inserts for Mouldings	P-Fix
Chrome Pipe Fittings	P-Fitt
CNC VMC Machine Turned Parts	P-PERFEKT
Taps & Faucets	P-Flow

Brass & Copper Alloys - P-Alloy

Brass Ingots- P-ALLOYBI

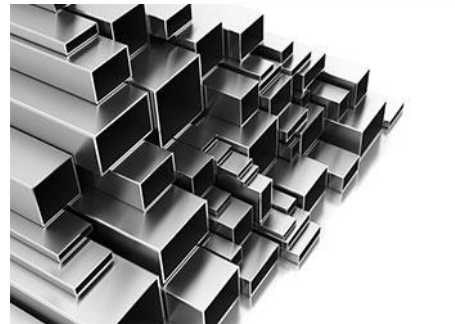

Brass Billets-P-ALLOYBB

Brass Bars- P-ALLOYBBR

Hex/Round/Square Rods- P-ALLOYHRS

Section hollow- P-ALLOYSH

Pooja group has experienced tremendous growth and earned a reputation as an industry leader. We maintain huge inventories of brass alloy, Our production and inventories consists of Bars in Solid and Hollows rounds, Hexagons, squares, and made-to-order shapes for customer specific applications. We are the leading Indian alloy manufacturer and distribute many reputed manufacturers in the Fareast countries, Like Taiwan, S.Korea, Philippines, Vietnam.

Pooja group has undertaken several large expansion programs over the last 10 years, including our newly commissioned state-of-the-art foundry, This foundry is now considered the top producing Brass alloys foundry in our area.

Brass Compression Fittings - P-Max

Brass Compression Fittings - P-MAXCF

Brass Pex Fittings - P-MAXPF

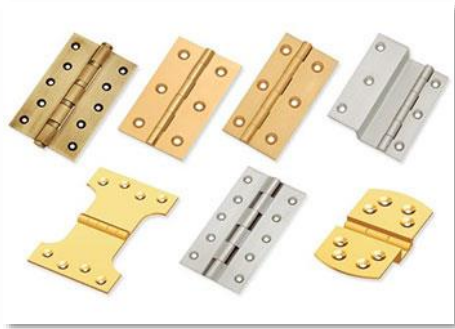

Brass Hose Fittings - P-MAXHF

Brass Gas Fittings - P-MAXGF

We offer high quality Brass Compression Fitting that is made from high grade brass. The Industrial Brass Tube Fitting, manufactured by us, is ideally used in Process Instrumentation. Our Brass Compression Fitting is highly durable, rust-resistant and requires no maintenance. It is available in various sizes and specifications in order to meet the requirements of the clients.

Brass Hardware - P-Starke

Brass hinges - P-STARKEBH

Tower bolt - P-STARKETB

Door & window fittings - P-STARKEFD

Since our inception, we are involved into manufacturing and exporting of premium quality range of brass hardware fittings.

We are Manufacturer and Supplier of Brass Hardware Fittings. We provide you our products on "PH" brand name. We provide you best quality with best price. We also provide you timely delivery of Products. So if you have any query of Brass Hardware Fittings

Brass Inserts for Mouldings - P-Fix

Brass Inserts - P-FIXBI

Brass Adaptors - P-FIXBA

Brass Pipes Inserts - P-FIXPIPES

Products are available in metric UNC UNF BSW BA BSP ISO metric DIN threaded Brass molding inserts and roto molding. Molding inserts molding turned parts are also available as per customer design and samples plastic moulding PVC injection moulding rubber moulding. We are largest manufacturer exporters suppliers of Brass moulding insert from INDIA

Chrome Pipe Fittings - P-Fitt

Brass & Chrome Pipe Fittings -P-FITTPF

Pipe Clamps - P-FITTPC

Regular CP & Brass Fittings - P-FITTFB

A large selection of chrome fittings and nipples – made of solid brass and chrome-plated for a durable yet stylish fitting. Made of solid brass, these fittings are then plated for an attractive and durable finish.

CNC Machine Turned Parts - P-PERFEKTCN

VMC Machine Turned Parts - P-PERFEKTVM

Pooja Group has grown with full Turning production facility. Offering a range of CNC VMC SPMOM (Special Purpose Multi Operation Machining) turned parts, machined components.

Since the beginning we have focused on continuous improvement through training of staff and purchasing of the latest machinery in order to stay at the forefront of manufacturing special parts for various industries.

We are capable to take any jobs in Brass, as we made local SPOM (Special purpose multi operation machines) by a master minded machine makers locally for a specific parts and their operation, capable to produce Zero tolerance parts as per drawings.

Taps & Faucets - P-Flow

Taps & Faucets-P-FLOWTF

We are counted among the leading providers of premium quality products to the industry owing to the skills and expertise of our professionals. Because of their durable life span and problem free performances, our offered products are extensively demanded by our patrons. We promise a timely delivery of this Taps & Faucets providing these products at highly affordable rates to the buyers.
